Re: Request for Information Pursuant to Section 104 of CERCLA
and Section 3007 of RCRA for the Coakley Landfill Site in
North Hampton, New Hampshire

Dear Mr. Marchessault:

As per our telephone conversation of this date I am reiterating that we are a small fuel oil company that makes deliveries to residential homes. We handle no waste oil nor have we ever accepted materials either hazardous or non-hazardous from anyone for transportation the the Site.

We have not arranged for disposal or treatment, or transportation for disposal or treatment of hazardous material to the Site.

As for any trash or rubbish we may have it is placed in a dumpster in the rear of our building and picked up and disposed of by Browning-Ferris Industries of New Hampshire Inc., Portsmouth District. I am not sure where they now dispose of this trash.

Sincerely,

GOODWIN OIL CO.

Alan F. Harrison
